## Section 5 Fire Fighting Measures

---

# Safety Data Sheet – Edwin Clay

**General Fire Hazards:** Not flammable

**Extinguishing Media:** Use appropriate extinguishing media for surrounding fire

**Special Fire Fighting Procedure:** None

---

## Section 6: Accidental Release Measures

---

**Clean-up Methods:** When dust is generated it may over expose cleanup personnel to dust. Using respirators or wetting the material is recommended. When dry sweeping use NIOSH approved respirators when dust levels exceed exposure limits

**Personal Precautions and Personal Protective Equipment:** Wear appropriate protective equipment and clothing during clean-up. If dusty conditions exist use approved respirators.

**Environmental Precautions:** Material is a natural mineral product and will not cause adverse effects to the water system other than turbidity from suspended particles.

---

## Section 7: Handling and Storage

---

**Handling Procedures:** Wear the appropriate eye protection and avoid dust contact with eyes. Minimize dust generation and accumulation. Wear the appropriate respiratory protection when in poorly ventilated areas. Use good industrial hygiene practices.

---

## Section 8: Exposure Controls/Personal Protection

---

**Airborne Exposure Limits:**

Silica component limit to 0.1 mg/m<sup>3</sup>

NIOSH: PEL TWA 10 mg/m<sup>3</sup> (total dust) mg/m<sup>3</sup> (respirable)

OSHA: PEL TWA 15 mg/m<sup>3</sup> (total dust) mg/m<sup>3</sup> (respirable)

**Engineering Measures:** Use local exhaust ventilation to control exposure below applicable limits

**Personal Protective Equipment (PPE):**

**Respiratory:** Avoid actions that cause dust exposure to occur. Use local or general ventilation to control exposures below applicable exposure limits. NIOSH or MSHA approved particulate filter respirators should be used. Respirator and/or filter cartridge selection should be based on the ANSI Standard Z88.2.

**Eyes:** When working around activities where dust can contact the eyes, wear safety glasses or goggles to avoid eye irritation or injury. Wearing contacts without sealing goggles is not recommended.

**Skin and Body:** Protective Clothing is not essential
